Australian College of Sport & Fitness graduates may now gain university credit towards a Bachelor of Sport Management degree at the University of Canberra. This is an excellent opportunity for students to extend their studies in the field of sports management and administration, undertake a higher education qualification and receive both course and financial credit in the process.

By completing an eligible pathway program with the College, students may then receive up to 1 year COURSE CREDIT towards the higher education program offered by the Faculty of Health at the University of Canberra. Students can choose to study in the Melbourne or Canberra campus. The duration of the degree is 3 years full time and graduates from the College can receive credit for the first year.

Under current visa regulations, graduates of a Bachelor degree are entitled to a 2 year extended working visa to stay in Australia. Please refer to the immigration department for the latest information on this special visa condition.

The Bachelor of Sport Management provides students with a qualification that prepares them to be professional sport managers. Students of this course will develop broad and coherent knowledge of contemporary management theory.

The pervasive nature of sport means there are almost limitless employment opportunities for graduates of the degree, with past graduates finding employment in areas such as sport development officers for regional, state and national sport organizations and governments, sport marketing, sponsorship and public relations, the management of sports, recreation or leisure clubs and centres as well as advisory roles in the public and private sector.

**Who may be eligible for the course credit?**

Students who completed SIS50115 Diploma of Sport & Recreation Management

**How to apply to your University program**

Students who complete eligible studies with Australian College of Sport & Fitness:

- Apply through the University Admissions Centre (UAC) or International Student Enrolments Centre
- When contacting the University of Canberra Admissions Office make reference to the “Credit transfer agreement between the Australian College of Sport & Fitness and the University of Canberra” for the Bachelor of Sports Management
- For more details on the program or enrolment advice, students will need to contact the University’s Faculty of Health, Discipline of Sport and Exercise Science.

**FAQ’s**

**When do I get the course credits?**

Based on the current and standard timetable, students may receive credit for the 1st Year of the degree. Entry pathways and commencement details explained over the page.

**If I get course credits, do I also save on course fees?**

Yes. A subject credit means that a student does not undertake or pay for that subject. With 1 year course credits, your University course fees are reduced to the remaining 2 years.

**Will I be guaranteed a University place?**

Your acceptance into the Bachelor program is subject to availability and discretion of the University, but you may apply at the same time when enrolling with our College.
